Subject: RE: EPA and Meleen

As of today, March 20, the agreement has been signed by the Region 5 Division Director but is still with the Regional Administrator for signature of the Final Order portion of the agreement. The RA is cognizant of the March 21st expiration date of the ADR period and knows that it's a time sensitive matter, so I am hopeful that the RA will sign it tomorrow and that we can get it filed with the Regional Hearing Clerk on the same day.

The complicating circumstances are that I'm out of the office tomorrow, and I am told that the RA will be out of the office next week until March 27. Thus, if by chance the RA does not sign tomorrow, the earliest that it can be signed will be next Thursday, March 27. I will try to keep in touch with the office tomorrow, so I should be able to find out whether it has been signed and make another report to you both.

Hello. Judge Gunning will hold the case for an additional 2 weeks, to March 21st, pending a fully executed CAFO. Please continue to update up as things develop in finalizing the CAFO. Thanks.

**Best,
Mary**

Mary,

Please inform Judge Gunning that EPA will likely need another two weeks to obtain signatures

by both Region 5's Division Director and Regional Administrator. Hopefully we can sign it sooner within that time period but two weeks will be a safer bet. Let the parties know if there are questions. Otherwise we will await Judge Gunning's recommendation given that the ADR period formally expires tomorrow.

Hello Mary. I write to report on our progress toward resolution of this matter. Mr. Meleen has signed the CAFO and now it is making its way through the EPA signature hierarchy. Hopefully, we will have a fully executed document soon but defer to Mr. Chow on the anticipated timing of that. If you require further information, please let me know. Tim
